

FACULTY POSITIONS in Molecular Cancer Research

The Department of Biochemistry and Molecular Biology at The George Washington University Medical Center invites applications for tenure-track Assistant/Associate Professors. We seek outstanding candidates with demonstrated excellence in Cancer Research. Areas of research interest include, nuclear and growth factor receptors, signal transduction, transcription, and chromatin remodeling. . The Medical Center is located on the main campus of The George Washington University. The presence of basic and applied science departments and the proximity of the NIH, Children's National Research Institute, and other medical centers in the Washington metropolitan area offer ample opportunities for collaborations. The GW University will provide a competitive start-up package to successful candidates. Basic qualifications: Applicants must hold a Ph.D. and/or M.D. degree in an appropriate discipline and shall have extramural funding for consideration of Associate Professorship

Application process: Interested applicants must send a complete curriculum vitae, a statement of current and future research interests (limited to 3 pages), and the names and addresses of three references to: Rakesh Kumar, Ph.D., Professor and Chair, Department of Biochemistry and Molecular Biology, Faculty Search, The George Washington University Medical Center, Suite 530, 2300 Eye St NW, Washington, DC 20037 or via e-mail to: bcmdjm@gwumc.edu. Review of applications by the Search Committee began on March 6, 2009 and will continue until positions are filled. Only complete applications will be considered.

The George Washington University is an Affirmative Action/Equal Opportunity Employer.
